 The Exhibition Hall at Buckner Center

The Buckner Arts & Exhibit Center is proud to present the artwork of Paulette Parks.

Paulette attended Ringling School of Art and Design in Sarasota, FL and received her BFA from Jacksonville State University. She is a native of Georgia, but has lived in Anniston for the past 39 years. Her paintings, sculptures and hand-pulled prints have been in various national and regional exhibitions. Most recently she participated in the 2006 juried Arts Alive Competition in Florence, AL and the 19th annual South Cobb National Exhibit in Mableton, GA. Her work is in many public and private collections throughout the country and has won numerous awards.

Paulette is exhibiting both paintings and sculptures in what will be Buckner Center's largest exhibition. This show will remain on display until February 15. If you can't make it to the opening please come by to see it during the week. Stop by or call the office at 847-3300 and we'll make arrangements.

*The beauty of the human form has always been the primary focus of my work, although other subjects do interest me. I never grow tired of observing people and their incredible uniqueness. The beauty and nobleness of the human body inspires me. It is my intention to capture it, whether it be in clay, oils, gourds or watercolors. It's beautiful landscape continually mystifies, beckons and beguiles me. I love how it affects me!*
